# Thank you from Benji!

Hi friend, Benji here -  
The tiniest, fluffiest member of this operation.

Thank you so much for downloading my **New Bunny Essentials Guide!**  
I made it (with a *little* help from my mom) so your bunny can feel safe,  
cozy, and loved from day one.

## **Because every bunny deserves:**

- Soft rugs for zoomies
- yummy hay mountains
- cozey hideouts
- and humans who care as much as you do 🧡

If you ever need more tips, ideas, or bunny chaos...  
I'm always hopping around on social media.
